

**QUESTIONS FOR  
REFLECTION**

1.15.22

1. As you reflect back on times in your life where you were truly at peace, who or what do you think helped to foster that peace?

2. In the sermon we talked about four areas where Jesus provides avenues of strength and comfort in our pursuit of peace. They were:

A. Jesus knows, experiences, and understands our sorrow and grief.

B. Jesus is invested and involved in the working out of our best interests.

C. Jesus knows the bigger picture; he sees the roadmap and has already been down that path.

D. Jesus has the power to change our present internal and external reality.

Which of these areas provide the most strength and comfort?

3. In looking at D in question number 2, how can we see that differently through understanding A, B, and C?

4. In your past experience with suffering, what have you had to let go of or walk away from for you to start understanding peace?
